

Colvin Kenphila

Web Designer | UX/UI Designer | Front-End Developer

(678) 665-1853, Colvinkenphila2@gmail.com

Experience

Running Warehouse | Web Content Editor, Oct 2022 - Present

- Apply UX principles to webpage layouts, navigation, content organization, and product discovery to create intuitive, easy-to-navigate customer experiences.
- Use HTML and CSS to design, build, maintain, and update responsive webpages while improving usability, content hierarchy, navigation, and customer interaction.

Perimeter Church | Executive Ministry Coordinator, Mar 2023 - May 2024

- Spearhead the development and upkeep of the church's online presence, ensuring a user-friendly interface and timely updates to reflect current events and initiatives.
- Employ a keen eye for design and functionality to enhance the digital experience for congregants. Revamped church's website, boosting visitor engagement and information accessibility.
- Led timely updates of digital content, aligning with church events and enhancing community interaction.

Running Warehouse | Customer Service Representative, Dec 2020 - Apr 2021

- Managed 60–80 customer inquiries per day while maintaining a 94% customer satisfaction rate and resolving issues efficiently.

Market Source Inc. | Recruiter, Aug 2019 - May 2020

- Canvassed 40 to 60 candidates per day with expert experience and evaluate candidates with desired skills for positions within major retail companies such as Target, Cox, and Tracfone.
- Managed I-9 and onboarding processes while coordinating multiple candidates and hiring timelines.

Projects

Element - UX/UI Weather App

- UX conducted research, created user personas and journey maps, developed wireframes, and built an interactive Figma prototype.
- Conducted usability testing with five participants and used feedback to improve navigation and overall user experience.

Portfolio Website

- Designed and developed a responsive, mobile-first portfolio website using HTML and CSS, focusing on usability, clear navigation, and responsive design.
